to Wheeler's residence at Biloxi River Estates in Gulfport.

An inspection team from Tyndall Air Force Base flew here by helicopter Wednesday to salvage the drone. They said, however, that since the drone had been in the water so long it would not be worth their while to spend the amount of money necessary to return it to service and turned it over to Wheeler and his group, Wheeler said.

They hope to take out the radio equipment, convert it for commercial purposes and sell it. The aircraft is intact, Wheeler said. He described the drone as a "beautifully constructed sleek-lined aircraft." The wings are swept sharply back, he said, indicating that it was designed for exceptionally high speeds.

## Sheriff Reports

A 47-year old man was found dead in his pickup truck about 8 a. m. Tuesday, three-quarters of a mile east of the Louisiana-Mississippi State line.

Chief Deputy Sheriff Eido Depreo said Jessie Luther Seymour Jr., was found dead at the wheel of his 1965 Chevrolet pickup truck.

A coroner's jury empaneled at the scene, with Judge Lester Hoover, as acting coroner returned a verdict of death due to natural causes.

Eido Depreo served as bailiff. Jurors were Buck Reynolds, J. T. Jacobs, H. J. Koenen, L. J. LaBoure, Arnold Cuevas and Fred Curet Jr.

The body was transferred from Riemann's Fahey-Whitfield Funeral Home to Shick's Funeral Home in Elberton, Ga., for funeral arrangements.

Survivors are his widow, Ozzie Driver Seymour; three sons, Joel, Jerry and Jimmy Seymour, a daughter, Deborah Seymour of Elberton; and five sisters.

Sheriff Sylvan Ladner reported burglars broke into Winn-Dixie Super Market on U. S. Highway 90 Wednesday night, but apparently were unable to take anything from the store.

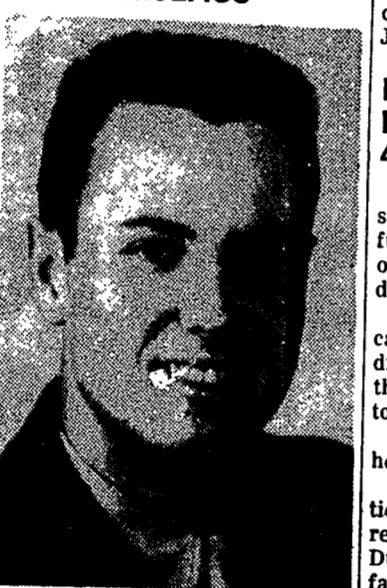

According to the sheriff, several attempts had been made to break into the store through doors around the building before they apparently cut through a hasp on a rear door with bolt cutters. The door, the sheriff added, led into a produce warehouse which opened into the store.

A safe in the office apparently was undisturbed and the store manager was unable to find anything missing, but an inventory would be taken to determine definitely if anything was missing, he stated.

**Deputy Sheriff Chester Favre** when actor Gerald Cox, minus glasses, ran into props and suffered a cut hand. But with the spirit of the true "pro", and imbued with knowledge that "the show must go on," these troupers survived, and are straining at the leash to present the most hilarious comedy to be shown locally in many a moon.

A combination of subtle innuendo plus a lot of belly laughs will dispel all thoughts of hot weather when the Air characters begin their cavorting about stage. Cast includes Andre Arceneaux, Gerald Cox, Diane Mahaffey, Carol Hart, Kathy Brown, and Mary Lou Shaw. Light and sound effects, Pete Chapman and Lloyd Cuevas, promoting. Ealsda Ling, Jacks of all trades backstage. M. J. Gleber, book keep. Seats executed by Harold Brown, Stage settings, Ann Johnson. Curtain time, 8:15 p. m.

The accident occurred about eight miles west of Kiln on the Piquette-Poplarville Highway. The driver of the car, Johnnie Clemons of Carriere, Miss., was charged with speeding and was released on bond awaiting a hearing. Favre said.

**BILOXI MISS.** Mississippi Marine Conservation Commission has begun its shell planting project for oyster cultivation in the Square Handkerchief Reef area.

Chief Inspector George Williams said this begins after the commission earlier planted about 6,000 barrels of seed oysters. Plantings of shells and seed oysters will continue in Mississippi producing areas until September.

The odds are overwhelmingly in favor of an active hurricane season for the United States, the Weather Bureau said Thursday.

The season opened June 1 and continues through November. The largest storms usually form during August or September.

A statement from the bureau said: "No major hurricane have been caught the coastline of continental United States for two years, but the odds against a third quiet season for this country are astronomical."

Looks like soft crabs have deserted this year. Very few are being caught and they are on the small side. No reports on any good catches.

Some flounders are being caught. According to those going out to Cat Island, some good catches have been made.

Had a visit from Wop Glover over the weekend. Must be getting ready to do some fly fishing. They have been hitting pretty good Wop. Sorry to have missed you.

Tony Enterante, Sr., Luke El-Hot and Bill Sherman will make a fishing trip to Leesville over the Fourth. They should have a nice catch of red fish and speckles as usual. This is their favorite fishing spot and know where to catch the big ones.

Gilly Gilmore is getting his boat in order and expects to do some fishing soon. Salt water fishing is his favorite pastime.

The second annual Kiwanis Deep Sea Fishing Rodeo at Biloxi which offers \$4,000 in prizes got under way Tuesday and runs through Sunday. Rodeo Director, Bob Landry predicts a record number of fishermen will participate.

Another Deep Sea Fishing Rodeo will be held at Gulfport, Miss., on July 2 to 5th, which always draws plenty of visitors to the Coast over the July 4th holidays. Spear fishing is an added attraction this year and should draw teams from Miss., Florida, Alabama, Louisiana and Tennessee.

**LOCAL SPORTSMAN**

There are few old timers who don't know Bill. He has been a hunter and fisherman all his life. A friend of all, he is known as a bird hunter, fox hunter, owned many boats and a lover and trainer of horses. A little time back, no parade in Bay St. Louis was complete without Bill riding his beautiful Palomino. He can tell some interesting stories of what happened when!

**COLMER RAPS "INVASION" OF MISSISSIPPI**

WASHINGTON - Congressman Wm. M. Colmer today charged on the House Floor that the "Invasion" of Mississippi and Florida by civil rights groups resulted from an unholy alliance between the Communists and the do-gooder in the clergy.

The Mississippi Representative accused "the Communists, the do-gooders and the self-serving leaders of the Negro movement of enticing immature juveniles into going to Mississippi after indoctrinating them in the Hitler and Krushchev form of schooling."

The senior Congressman said, "It is tragic that the administration is encouraging this 'invasion' of trouble-makers."

"The President has not thought it necessary to send either Marines or U. S. marshals into New York, where not even a commuter on a subway train can ride without mortal fear of his life."

He pointed out that the Consti-

## WONDERFUL PRIVILEGE

THE CHURCH FOR ALL...  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

We are proud of our freedom... whether it be freedom of speech, freedom of assembly (the eyes have it), freedom of the press, or freedom of religion. Of all these, we sing: "Let freedom ring!"

Freedom of religion is not the property of the clergy, but of all the people. Every schoolboy knows that the Constitution says so. It guarantees freedom of worship... freedom to honor God according to one's own conscience. It is a precious gift.

How you worship is your business! That you must worship, ah, that's God's business! Choose the church to honor God with your fellowman... thanking God for this wonderful privilege. For, so often in other lands, such worship is forbidden and outlawed. Sunday is His day! Make it your day!

**CRIMSON CLOVER MAINTAINS HARD SEED IN LONG TEST**

STATE COLLEGE, MISS. — The ability of crimson clover to produce volunteer stands has been shown to be a very persistent trait in eight years of research at the Mississippi Agricultural Experiment Station.

Hard seed, which can resist weathering in the field, is required if the clover is to succeed without being replanted. In order to insure this hardness, certifying agencies required that only seed from volunteer stands could be certified as hard-seeded crimson clover.

In a long range experiment, Dr. W. E. Knight, USDA research agronomist, established a stand of crimson clover from founder seed at State College in 1952. For eight successive generations, he compared volunteer and non-volunteer stands in a regional study which included similar plantings in Alabama and Georgia.

Little difference was found in hard seed percentages in seed harvested from volunteer and planted stands. While the highest level of hard seed was maintained from successive volunteer stands, the hard seed trait persisted at high levels in the non-volunteer plantings also.

Dr. Knight says results of this study show that once the hard seed trait is established it can be maintained, under climatic conditions of the Southeast, without volunteer generations. The results which eliminated contamination from soft-seeded contamination based on these findings, Mississippi regulations governing certification of this crop were changed. Now seed from the first crop may be certified and growers get better returns from crimson clover seed production because they do not have to wait for a volunteer crop.

**OFFICIALS CONFER** - Left to right, Gov. Paul B. Johnson, Standard Oil of Kentucky President W. C. Smith and former Gov. Ross Barnett. The officials were among about 200 Mississippi legislators and Agricultural and Industrial Board members who went to Pascagoula June 12th for a week.

## State Officials Tour Refinery; First Lady, Governor On Hand

Standard Oil of Kentucky played host June 12-14 to Mississippi legislators and members of the state's Agricultural and Industrial Board who accepted the company's invitation to come to Pascagoula for a "weekend vacation."

The lawmakers and state officials spent two days in the area attending banquets and luncheons and touring industrial facilities in Pascagoula and Moss Point.

Highlight of the visit was a Saturday tour of Standard Oil's new refinery, the multi-million dollar Casote Industrial area.

It was a first visit to the refinery for a number of legislators - many of whom, as lawmakers three years ago, voted in two state constitutional amendments which paved the way for the location of Standard in Mississippi.

During a Friday night banquet attended by Governor Paul B. Johnson, Lt. Governor Carroll Gartin, former Governor Ross Barnett, Standard Oil officials, legislators and A&I Board members, President W. C. (Buddy) Smith outlined the purpose of the weekend invitation.

"You have been invited here for two reasons," Smith said. "First, Standard Oil of Kentucky wants to show appreciation to former Governor Barnett and Governor Johnson, past and present legislators, state and county officials, and all of Mississippi for passing the legislation which led to the location of our refinery in Pascagoula," he said.

"Secondly, we want you to tour our refinery at Bayou Casote to see the miracles of modern technology," Smith added.

Smith emphasized that Standard Oil made "no mistake in locating on Mississippi's Gulf Coast. Standard Oil of Kentucky is fortunate and proud to be a part of Mississippi and its industrial growth," he said.

Smith also pointed out that Standard Oil is currently filming a 30-minute color movie to show people the beauty of Mississippi and what it can offer to tourists.

"The film will be distributed to libraries throughout the country," he said.

In another address, former Governor Ross Barnett called location of the Standard Oil refinery in Mississippi, "the greatest breakthrough in the economic development of the state."

Governor Paul B. Johnson expressed appreciation to the Standard Oil Company, assuring the company that government leaders, legislators and Mississippians will stand "ready, willing and able to help establish a petrochemical complex in the state."

He emphasized that Mississippi faces a tremendous future, saying: "The 42 feet of water in the Pascagoula and Gulfport channels will open a new era of trade with Latin and Central American countries."

## Hudzik-Banderet Wedding

Our Lady of the Gulf Catholic Church was the setting for the wedding Saturday morning of Miss Alice Marie Banderet, daughter of Mrs. Gertrude Banderet, and Airman John Stanley Hudzik, son of Mr. and Mrs. Stanley Hudzik of Manchester, N. H.

The Rt. Rev. Msgr. James J. Hamon, celebrant of the Nuptial Mass, performed the double ring ceremony.

Majestic daisies and white gladioli decorated the altars and Professor Joseph Hommersbach, organist, played the processional and recessional and a program of music during the ceremony.

Given in marriage by her uncle, John C. Feldman of Mandeville, La., the bride wore a lace and peau de soie gown. The fitted bodice featured long sleeves ending in points over the hands and the full skirt, trimmed with lace appliques, fell into a small train.

Her short veil of illusion was held by a tiara of seed pearls and she carried a cascade of stephanotis.

Mrs. Curtis Thomas of Bay St. Louis served as matron of honor, and bridesmaids were Misses Diane Banderet, cousin of the bride, and Carol Cuevas of Pass Christian.

They wore street length dresses of pink chiffon, matching slippers, and carried bouquets of orchid asters. Their headpieces were small pink crowns with circular veils. Curtis Thomas was best man.

A reception followed the ceremony at the Knights of Columbus Hall.

Mrs. Banderet received their guests wearing a blue lace dress, pink hat, white accessories and a corsage of pink sweetheart roses.

The mother of the groom chose a pink lace dress with white accessories and a corsage of pink sweetheart roses.

The bride's table, covered with a white linen cut work cloth, held a four-tiered wedding cake topped with the traditional bride and groom encircled with white flowers interspersed with greenery.

Six-branched silver candelabra, trimmed with white chrysanthemums and leather-leaf fern were on either side.

For traveling the bride wore a blue linen dress with white accessories; a corsage of pink sweetheart roses completed her ensemble.

The couple will make their home in Biloxi.

The bride, a granddaughter of Mr. and Mrs. Charles A. Banderet of this city, is a graduate of St. Joseph Academy. She was formerly employed at Hancock General Hospital.

The groom, a graduate of Bishop Bradley High School in Manchester, is stationed with the U. S. Air Force at Keeler A. F. B., Biloxi.

Out of town guests were Mrs. Velma Pomez, Miss Lillian Doussan, Mr. and Mrs. Rando Doussan, New Orleans.
